

10kw wind generators for sale

10kw wind generators for sale

Perfect for Northern Ireland – Dairy Farmers – Chicken Farmers – Factory & Workshops Owners – Operate This 10kW Off-Grid and Cut Your Electricity Bill Now! – Cheap To Install 3-Phase Connection – No costly On-Grid connection is necessary

A brand new ABB inverter will be fitted and a full yearly service is undertaken prior to sale. The turbine can be viewed in operation. Priced to sell quickly and any sensible offer will be considered, hence early inspections are recommended. Sold on a ‘First Come – First Served basis. Speed and decisiveness will be an advantage to genuine buyers.

This turbine was maintained throughout its short operation until last year when it was switched off due to an inverter fault. The reason for sale is because the turbine is so poorly sited that it only produced approx. 12,000kWh per annum. This was also the reason why the previous owner did not want to invest in replacing the inverter and pay for a full yearly service.

Full-Service History available – A brand new ABB Inverter will be fitted as well as a full-year service given before dismantling and collection by the buyer. Due to its young age, low hours of operation and fully serviced condition means that no refurbishing works are necessary and a trouble-free installation is to be expected.

Watch the turbine in operation, in June 2022 at a very low wind speed A brand new ABB inverter will be fitted and a full yearly service is undertaken prior to sale. The turbine can be viewed in operation. Priced to sell quickly and any sensible offer will be considered, hence early inspections are recommended. Sold on a ‘First Come – First Served basis. Speed and decisiveness will be an advantage to genuine buyers.
