

250 amp hour battery

250 amp hour battery

Alpha Batteries is your trusted source for high-performance car, commercial, and leisure batteries. Whether you're powering a daily commute, a fleet of vehicles, or your next outdoor adventure, we offer a wide range of reliable and long-lasting battery solutions to keep you moving. With top brands, expert advice, and fast delivery, we're dedicated to providing the battery solutions you need to drive with confidence.

Whether you're looking to reduce your carbon footprint, harness reliable energy when on the road, or power your remote property, Alpha Batteries is your premier destination for cutting-edge solar and off-grid solutions. Our expertly curated products are designed to deliver reliable, sustainable energy with a comprehensive range of solar panels, batteries, and complete off-grid systems tailored to your unique needs.

Alpha Batteries have you covered with a huge range of Victron Energy products, renowned for their reliability and performance in solar power and off-grid solutions. Whether you're looking for advanced inverters, charge controllers, or battery monitors, Victron Energy offers innovative, high-quality products designed to work seamlessly across a wide variety of off-grid projects.

At Alpha Batteries we're your go-to source for premium battery chargers, inverters and other accessories. Whether you need to keep your car battery in top condition, maintain power for your commercial fleet, or ensure your leisure batteries are ready for your next adventure, with a wide selection of battery accessories and expert advice, we provide the support you need to stay charged and ready for anything.

We're your expert partner for professional solar panel installation and custom system design. Whether you're looking to power your camper-van or off-grid retreat, our tailored solar solutions are designed to maximise efficiency and our experienced team handles every step of the process, from assessing your energy needs and designing a personalised system to expert installation.

Alpha Batteries is one of the UK's largest DC equipment suppliers and our specialist technicians have a wealth of experience from simple solar panel installs to complex full system design and off grid requirements.

12V 260Ah fit-and-forget AGM lead-acid battery for multiple applications. Also suitable for use as a starter battery (dual-purpose), particularly for commercial vehicles - from Leoch's Xtreme series

The Xtreme series is an exciting and striking-looking premium AGM collection. Xtreme is special in that it is dual-purpose - the batteries in this range are particularly excellent for deep cycling, but can also be used as starter batteries. Xtreme batteries are also suitable for use in vehicles that utilise stop-start systems.

Absorbed Glass Mat (AGM) batteries are dry-cell, with the battery acid being encapsulated in fibreglass sheets. In comparison to flooded batteries, AGMs offer increased levels of reliability and versatility - with no

250 amp hour battery

free acid, they can be mounted in any orientation and are better able to handle vibration.

*The suggested number of lifetime cycles & capacity is an indication based on manufacturer laboratory test conditions . The amount of useable energy and cycle life will vary due to multi applicational factors, usage pattern, discharge times,charging, maintenance and climatic conditions . A battery can deliver only a fixed amount of Energy and capacity over its life which will occur over different periods of time depending on the application and conditions.
