

8 kWh commercial solar battery storage

8 kWh commercial solar battery storage

The Sigen 8kWh Battery is a vital component of the innovative SigenStor 5-in-1 Energy Storage System, seamlessly integrating Sigenenergy's ESS with a PV inverter, Battery Power Conversion System (PCS), EV DC Charger for electric vehicles, Battery Pack, and Energy Management System (EMS). Designed for flexibility and scalability, this battery is perfect for both residential and commercial applications, offering versatile solutions for off-grid and on-grid setups.

Important Note: The Sigen 8kWh Battery requires a SigenStor EC to function. You can mix BAT5 and BAT8 with the SigenStor EC, but mixing Sigenenergy's batteries with other brands is not supported.

SigenStor is an AI-optimized 5-in-one energy storage system that brings your solar dream to reality, helping you achieve energy independence with maximum efficiency, savings, flexibility and resilience.

Simplified to give you a smart and seamless experience. Versatile in nature, caters to every energy usage scenario. Stylish front eagle eye and side ambient lighting design blend elegantly with any surroundings. SigenStor complements a variety of home styles perfectly.

DC-DC Optimizer in each battery pack allows for parallel connections of packs. Supporting mixed use of old & new batteries and various cell vendors, capacities & SOH/SOC. Eliminating cask effect for users and simplifying warehouse management for distributors.

Embedding cloud-native approach along with machine learning capability, SignStor is self-evolving, quick to distribute, and easy to manage and scale, allowing for a safer, smarter and optimized experience at any level.

Intelligently and efficiently support your way of producing, storing and consuming energy. Enjoy a tailored energy plan that boosts cost savings and contributes to a sustainable future.
