

Addis ababa solar energy for businesses

Addis ababa solar energy for businesses

Bringing clean energy to more Ethiopians, promoting sustainable solutions, and fostering a thriving marketplace for off-grid options. We unlock investment, empower innovation, and drive a greener future.

Ethiopian Solar Energy Development Association (ESEDA) is a forward-thinking and dynamic solar association dedicated to promoting the widespread adoption of solar energy solutions. With a mission to drive positive change and sustainability, ESEDA plays a crucial role in shaping the future of renewable energy.

By organizing and actively participating in policy discussions and engaging with government agencies, ESEDA will help shape the regulatory environment in a way that is favorable to the sector's development and its members' interests.

ESEDA will be a hub of industry-specific information and expertise. We collect, analyze, and disseminate valuable market intelligence, research findings, and industry trends to our members.
