

American Business Systems

American Business Systems

The ABS Business Package has a one-time, all-inclusive investment of \$30,000. Our comprehensive package has everything you need to quickly get your business operational and generating revenue. Use the information and links below to explore every aspect of what you get for your investment.

Our Business Package has twelve different income-generating services including billing, practice management, and electronic health records. You also get a website and over 2,000 pieces of custom marketing material.

After training, most ABS Business Owners who follow our Jumpstart Marketing Plan get their first client within 30-90 days. Your lifetime support includes 24/7 access to our private On-Demand Support website, and a team of US-Based Support Experts available by phone, and email to support you in every aspect of marketing and client retention.

Any new business requires maximum effort to acquire clients and generate revenue. Our Business Owners gain hundreds of new clients each year. In training, you'll learn our Jumpstart Marketing System that will help you quickly grow your business.
