

Applications of solar energy systems

Dr. Himanshu Tyagi is currently an associate professor of Mechanical Engineering at IIT Ropar. He has previously worked in Siemens (Germany and India) and Intel (USA). He received his PhD from Arizona State University, master's from University of Windsor, Canada and his bachelor's from IIT Delhi. At present he is working with a team to develop nanotechnology-based, clean and sustainable energy sources. Together with his co-authors he received a Best Paper Award at the ASME 2007 Energy Sustainability Conference.

Dr. Satvasheel Powar is currently working as an assistant professor at the School of Engineering, IIT Mandi. He has worked at Greatcell Solar S.A. in Switzerland, and G24i in the UK. He received his Ph.D. in Chemistry/Materials Engineering from Monash University, Australia in 2013. Before joining the IIT Mandi, he worked at Nanyang Technological University, Singapore as a postdoctoral research fellow. His primary area of research is new generation solar photovoltaic and solar thermal utilization.
