

Battery testing doha

Battery testing doha

We understand that a dead battery or malfunctioning can cause frustration, especially when you're going somewhere. And that's why we're committed to offering only high-quality services and fast car battery replacement Qatar.

Our automotive battery services include advanced battery testing, professional replacement, and cable & terminal care. In advanced battery testing, we evaluate the condition of your battery using the most recent computerized technology available.

Through our professional replacement, we install high-quality emergency car battery replacement so you don't have to face any problems further. Once that is done, we test battery cables and remove any corrosion from terminals to provide optimal performance.

Once the car battery installation is done, we handle the proper disposal of your old battery to protect the environment. Our service also includes a full system check, which includes a thorough check of your battery and electrical system to prevent future issues.

The battery is the key component of the electric vehicle. As demand for electric cars and vehicles increases, manufacturers need to be confident the high-voltage batteries they use meet international standards for safety, reliability, endurance, and performance.

All battery tests are conducted in accordance with international standards and original equipment manufacturer (OEM) specifications including ISO, IEC, UN ECE, SAE, LV, AK and many more. We can also perform bespoke tests to customer requirements if required.

Electromobility is undergoing rapid technological change. As well as being actively involved with standardization bodies, we offer full consultancy and testing services, helping manufacturers create efficient, economically viable electric vehicles and cars.

With ISO/IEC 17025 laboratory accreditation, lithium battery expertise and over 30 years' experience of the requirements and test methods of vehicle manufacturers, we can meet all your battery testing needs.

Expert Technicians: Our team of highly trained and experienced technicians specializes in battery services. They use advanced diagnostic tools to accurately assess the health of your battery and determine if a replacement is necessary.

Quality Batteries: We provide a wide selection of high-quality batteries from trusted brands such as Magic Power, Amaron, ACDelco, Primax, and Eveready. Our batteries are designed to deliver reliable performance
