Best aaa rechargeable batteries

Ready to Use Technology allows you to use these batteries straight from the pack without requiring any charging first, with this comes the low self-discharge capabilities which will increase the length of time before charges - saving you time and money.

Welcome to the brand new Panasonic Eneloop AAA rechargeable batteries with improvements in performance and sustainability. These new Panasonic Eneloop rechargeable AAA batteries hold even more energy and have an improved capacity of 800mAh. This new version has up to 7% more capacity and will perform outstandingly well in demanding situations.

These new Panasonic Eneloop AAA batteries can be recharged up to 2100 times. These revolutionary low self discharge rechargeable batteries retain 70% of their charge for up to 10 years. The Panasonic Eneloop AAA rechargeable batteries are pre-charged using solar energy.

Panasonic have also introduced brand new 100% plastic free FSC(R) Mix fully recyclable cardboard packaging from responsible sources. The new packaging clearly points out all the above features including suggested uses, clear capacity and recharge times. You can even see the actual batteries through the handy window in the packs. At Buyabattery we are proud to be Official Eneloop UK Stockists and Distributors.
