

# Boat batteries

## Boat batteries

Introducing Future Carpings Intrepid Fishing Bait Boat Batteries. These durable batteries are designed for the Future Carpings Intrepid Fishing Bait Boat. Future Carpings has created them to give you the confidence and performance necessary for those long days on the fishing lake. With up to 2.5 hours of continuous run time, this lithium battery 7500mAh (7.4V Nominal Voltage 8.V Maximum Charging Voltage) powered bait boat batteries will ensure your fishing bait boat never falters when out fishing.

Not only are these fishing boat batteries offer long-lasting and reliable use, but they do this with power efficiency and safety in mind. Load up your bait boat with the help of our quality batteries to make all your tackle duties a breeze with no interruption in power or reliability. An impressive combination of features - from short charge times, capable runtime and enhanced safety features - make the Intrepid Bait Boat Batteries the perfect choice for freshwater fishing and carp anglers looking for excellent performance on the water!

Bait boat batteries can be expensive, so make sure you take proper care of them before, during and after use on your fishing trips. If treated well, a set of bait boat batteries like these will last you 5-7 years. If you need some help with bait boats, bait boat accessories and how they work, be sure to read out the detailed Fishing Bait Boat Guide.

Angling Direct plc, 2D Wendover Road, Rackheath Industrial Estate, Norwich, Norfolk, NR13 6LH, United Kingdom. Company registered in England and Wales No 05151321. VAT No GB 152140945 Exclusions apply. Errors and omissions excepted

Angling Direct is thrilled to announce the opening of its 50th store in the UK. As part of its continued gain in market share in the UK, this landmark is an important milestone and is only the start in the companies plan to invest in further growth opportunities in its physical and digital footprint both in the UK and Europe.

For its 50th Store, Angling Direct has now come to Walsall! Previously Allen's Fishing Tackle, which unfortunately closed it's doors back in February, is now the site of our 50th UK store and 5th in and around the Birmingham area. Whilst acquiring the site, we worked closely alongside the owners to ensure the community will continue to have a local tackle store on the Bloxwich Road, that will not only offer everything they need for a fishing session, but also the advice and assistance to help anglers on their fishing journey.

For this new stores grand opening, we are offering customers who attend the open day, some exclusive deals that we are running for this day only, with 10% off everything in-store (exclusions apply) and also 25% off all products from our Advanta brand.

If that wasn't enough, we have also arranged for some experts to come to the grand opening. Whether, you just want to say hello, or ask them about their fishing adventures, we have arranged for a number of anglers from Guru, Sticky Baits and Bait-Tech to come to the open day, so our customers have the opportunity to come and meet some anglers at the top of their game!

The Advanta Big Pit FD Fishing Reel has been designed to offer anglers the ability to extend their maximum casting distances on a wide range of venues and situations from large lakes to powerful rivers.
