

Chloride oxide solar battery

Chloride oxide solar battery

A network of distributors both locally and regionally enables effective market penetration. Chloride offers after-sales service through its distribution network and for industrial batteries. Training for battery handling, care and maintenance is provided. Chloride Zimbabwe also recycles used batteries and reuses them in manufacturing of resources thereby playing an important role of cleaning the environment. Used batteries are collected through selected distributors and commercial officers throughout the country.

o Well known Exide and Chloride brands - Since 1952
o Wide distribution network through Battery Express and Exide authorized dealers
o Product quality; strong, reliable and long lasting and manufactured in Zimbabwe for Zimbabwe
o Tried and tested manufacturer with a good reputation
o Chloride produces their key raw material - lead
