Since 2007, CITSYS has provided enterprise security solutions and IT support to over 500 companies in finance, health, education, media, NGO, retail, and government institutions. Every day across Africa, CITSYS solutions directly impact over 50,000 computer users through programs like OPSWAT, Microsoft 365, Azure, Mimecast, Darktrace, and many others.

Our company is committed to providing exceptional customer service. We excel at guiding and assisting organizations in selecting the most appropriate technology for their business needs at every growth stage. We aim to exceed customer expectations by delivering exceptional products and solutions backed by unparalleled customer support.

Finding software and solutions that meet your needs and budget can be challenging as a business owner. However, rest assured that our top priority is our customers, and we are dedicated to consistently providing long-term value.

We are proud to share that 90% of our valued customers choose to continue their partnership with us. Moreover, a remarkable 50% of our new clients come to us through positive referrals. It is worth highlighting that our very first client has trusted and relied on us for an impressive 16 years. Our unwavering commitment to operational efficiency enables us to reduce overall costs and deliver exceptional value to our esteemed
