

Complete 3kva solar power inverter in ghana

Complete 3kva solar power inverter in ghana

We design and supply top-tier solar energy systems, focusing on reducing energy usage and fostering sustainable electricity generation. Our services extend from sophisticated solar PV systems for homes and businesses to dynamic public space lighting, ensuring every installation meets the highest standards of quality and efficiency.

Model: HF4830S60-145
Rated Output Power: 3000W
Rated Battery Voltage: 48VDC
Max.MPPT Charging Current: 60A
Max.PV Array Power: 3400W
Max.Voltage of Open Circuit: 145VDC
MPPT Tracking Efficiency: 99.9%

This Off-Grid solar inverter is a very popular choice within the Accra-Tema metropolis and other regions such as Ashanti, Brong Ahafo and Northern regions of Ghana. It has a Pure sine wave output, high peak power and high efficiency. Combined high frequency and line frequency technologies ensure the best of both worlds. 5 year warranty assured

SinusMax – Superior engineering
Developed for professional duty, the Phoenix range of inverters is suitable for the widest range of applications. The design criteria have been to produce a true sine wave inverter with optimised efficiency but without compromise in performance. Employing hybrid HF technology, the result is a top quality product with compact dimensions, light in weight and capable of supplying power, problem free, to any load.

Parallel and 3-phase operation capability
Up to 6 Phoenix Inverters can operate in parallel to achieve higher power output. Six 24V 5000VA units, for example, will provide 24kW / 30kVA output power. Operation in 3-phase configuration is also possible.
