For details on charging costs at specific locations, click on the pin icon on the map. You'll find a cost field that shows pricing information reported by other charger users. In some instances, pricing details may be mentioned in the charger's description. Please note that pricing information may not be accessible for certain locations.

To pinpoint Tesla-compatible charging stations, click on a specific station pin on the map. Examine the station details for information on available connectors; Tesla-compatible stations will specify Tesla-specific connectors. Don't forget to check user reviews and comments for additional insights.

A station's score reflects the experience of users on a scale of 1 to 10, with 10 being the highest score. When a user reports a negative experience at a charging station, its score drops. When a user reports a positive experience, the station's score rises. A neutral comment or check-in does not affect the overall score. It is also worthwhile reading the comments on each location to get more insights into the reason behind each score. You can view PlugScores from the Station Summary icon on the map.
