

## Electric wheelchair batteries

VAT is a tax that the consumer pays when buying goods and services in the European Union, including the UK. The standard rate for VAT in the UK is 20%. Individuals who are chronically sick or disabled can claim VAT relief when they buy goods that have been designed for disabled people and are for their own "personal and domestic use". This means that they pay the retail price with VAT removed. On this website, only products that show the "VAT Exempt" badge are available for purchase with VAT relief.

Have a physical or mental impairment that has a long-term effect on their ability to carry out everyday activities. Have a condition that doctors treat as a chronic sickness (for example, diabetes). Are terminally ill.

The prices shown on our website for products and shipping exclude VAT. When ordering online, VAT is automatically removed if the conditions of VAT relief are met. If the contents of your basket exceed the personal limit, the "VAT Declaration" step will be shown.

By completing our online "VAT Declaration" you are agreeing to these terms and conditions and that you are claiming relief from Value Added Tax under Group 12 of Schedule 8 to the Value Added Tax Act of 1994.

The Ramp People has the most comprehensive range of wheelchair ramps in the UK. Renowned for high quality & excellent value, our range includes economy and premium folding wheelchair ramps, channel ramps, fibreglass, threshold and modular wheelchair ramps.

Enabling you to maintain access and mobility, our range of ramps for wheelchairs will give you your independence back at home and on the road to allow you to easily overcome steps, kerbs and thresholds. As the ramps are mobility aids, all of our wheelchair products are available to buy VAT exempt. [read more](#)
