## Energy storage companies nepal

The company oversees the Budi Gandaki Hydroelectric Power project. This initiative is anticipated to yield approximately 341 megawatts of power based on a PROR (Probable Runoff) assessment. Within the scope of the Budi Gandaki River, numerous projects are in the pipeline. Notably, one of the significant undertakings is the Budi Gandaki Storage Project, projected to have a capacity of 1200 megawatts. This larger-scale endeavor is positioned downstream from the Budi Gandaki Hydroelectric Power project.

Based on various applications and requirements we can customize the battery as per your specifications. We can customize voltage, discharge current, capacity, charging terminals etc. to suit your application.

Dolma Fund Management manages two private equity funds for Nepal: Dolma Impact Fund I and Dolma Impact Fund II. They provide growth capital to small and medium sized enterprises (SMEs), and renewable energy projects in Nepal's energy, healthcare and technology sectors. The funds were established to generate private sector growth and jobs, positive social and environmental impact, and risk-adjusted market returns.

Dolma Foundation is a non-profit organisation focused in Nepal to alleviate poverty by providing education, health and impact investment to the most marginalised communities. We also run programme on Eco-Tourism to create a sustainable environment for the local communities the proceeds from which goes to our child education programme we run in Nepal.

Dolma Consulting is the advisory arm of Dolma Group. We work with Banking and Financial Institutions, Corporates, and Development partners in Nepal to prepare their institutions and projects for access to international capital.

1 Chadwick Road Westcliff-on-Sea SS0 8LS United Kingdom
