

Eve lifepo4 europe

Commande vendredi 21/06, reçues livrées par UPS le mardi 02/07 cela fait donc 7 jours ouvrés : bravo pour cette livraison rapide. Les 4 batteries sont en parfait état, leur tension sont très exactes, il me reste à monter cette batterie de 12v et faire les essais

Un grand merci à Jacob qui a constaté de mon erreur de commande (chine à la place de UE) Jacob m'a contacté par whatsapp et a tous géré lui-même avec un grand professionnalisme et me tenait au courant de l'expédition (une quinzaine de jours) . Site très sérieux et de confiance . Félicitations à eux .

El producte ve molt ben empaquetat, la capacitat es la que diu el manual, el client està contentíssim ja que l'hi duren molt més que les de plom que tenia abans amb la mateixa capacitat nominal que les de lifepo, el venedor es va implicar aconsellant-me quin tipus de bms havia de posar i també em va arreglar el preu, he quedat molt content amb el servei i la atenció personal, el proper cop també els hi comprare a ells.

Tempi di spedizione un po' lunghi causa capodanno cinese. Comunicazione con il venditore ottima. Batteria come in descrizione Eve da 280ah, ben imballato ed arrivate in condizioni perfette

Including VAT, plus shipping This article includes 19% VAT, but is also available in a version with 0% VAT! Please navigate to the corresponding category with 0% VAT. You can find more information about tax exemption [here](#).
