Goodwe inverter price australia

The new XS Series from GoodWe builds on the success of their popular, affordable SS Series. With the widest voltage range in class, improvements include a lower start-up voltage of 50V while maintaining the small, lightweight and user-friendly design. Ideally suited for new-build housing projects or small domestic installations, the GoodWe XS Series offers 0.7-3kW models.

Thank you for saving me so much money. Your inverter was installed by a local solar electrician and the overall cost (including free postage) was half the cost of quotes I received earlier. The inverter is performing well.
