## Harbor freight generators portable

Harbor Freight delivers unbeatable value in reliable and quiet gasoline and inverter generators. We carry everything from 900-watt generators perfect for tailgating and 13,000-watt generators ideal for job sites. There's a generator for every need and budget.

Portable generators are versatile power solutions designed to provide electricity when and where you need it most. Whether you're camping in the great outdoors, tailgating at a sports event, or in need of emergency power during an outage, Harbor Freight Tools offers a range of portable generators to meet your needs. These compact and reliable generators are engineered to deliver the convenience and peace of mind you require for your outdoor adventures or backup power requirements.

Our Predator generators make great camping generators, which are perfect companions for your outdoor excursions. Ensuring you have the necessary electricity for lighting, cooking, and charging devices. Tailgating becomes more enjoyable with our portable generators, providing the energy to power up grills, sound systems, and other essential equipment. In times of unexpected power outages, our generators step in to keep your home running smoothly, preserving food, powering medical devices, and maintaining essential systems.

Harbor Freight Tools' portable generators are designed with durability and performance in mind, making them an indispensable addition to any outdoor adventure or emergency preparedness plan. Explore our selection and choose the perfect portable generator for your needs today.

Find a variety of Portable generator engines at Harbor Freight. Harbor Freight delivers unbeatable value in reliable and quiet gasoline traditional and inverter generators. We carry everything from 1400W Super Quiet Inverter Generators perfect for tailgating to 9,000 watt portable generators ideal for home backup and job sites. There's a generator for every need and budget.

The type of generator you need is based on your individual use cases. Use our generator product selector to help match a generator for your specific needs. Each generator provides controls to help you depending on your needs, whether that's a backup generator for kitchen appliances, or an generator for camping. With a generator switch installed, generators can easily be configured to detect when an outage has occurred and will automatically boot up and power your home electronics causing minimal power interruption.

The PREDATOR(R) 13,000 Watt Tri-Fuel Portable Generator runs on gasoline, propane, or natural gas for maximum flexibility. CO SECURE(R) technology automatically shuts down the generator whenever harmful levels of carbon monoxide are detected. The push button electric start powers the generator on and off with the press of a button, no manual choke required. A remote starting option lets you start up and shut down the generator from up to 100 ft. away, key fob included. This generator is ideal for home backup, jobsites, and more.

## Harbor freight generators portable

A portable generator can be an important part of preparing for an unexpected weather event or emergency. We sell a variety of portable generators at Harbor Freight, but no matter where you purchase yours, we want you to be sure you're using it safely.

Always use your portable generator OUTSIDE and far away from doors and windows to avoid build-up of dangerous carbon monoxide (CO)—an invisible, odorless, poisonous gas that can kill if portable generators are used incorrectly.
