

Hoppecke opzv battery

Hoppecke opzv battery

HOPPECKE batteries already meet the necessary requirements of the EU Battery Regulation from August 2024 and are therefore CE marked from now on. Trust in our tested quality and always stay on the safe side with HOPPECKE.

Located in Hainesport, NJ, HOPPECKE Batteries, Inc. has been an expert and partner for energy solutions and we invite you to learn more about our Company and its products through this website.

We serve four principal areas of application: reserve power supply (grid), regenerative energy storage (sun), railway and metro-system storage (rail) and emission-free motive power drives (trak).

Our complete portfolio contains suitable products tailored to our customer's individual requirements. Please contact us with further questions or technical support for storage application and service in the United States, Canada, Mexico and parts of Central and South America.
