

Lagetronix Nigeria Limited Best IT solution and software company in Lagos

Lagetronix Nigeria Limited Best IT solution and software company in Lagos

Hemmersbach delivers Field Services and Device Lifecycle Services on behalf of IT industry leaders everywhere. We are the delivery process experts with 25+ years of experience. Elevate your service offering and unlock the potential to offer service and device provision excellence to your customers.

For more than 25 years we have been proudly serving the leading IT Hardware Manufacturers and Global System Integrators in our unique indirect only business model - always acting on their behalf and in their name! This is how we enable our clients to elevate their service offering, without channel or sales conflicts. Now we also enable Device as a Service Provider to scale their subscription based business globally.

As a global company, we are aware of our impact on the world and our responsibility. But our corporate social responsibility goes beyond marketing campaigns and limiting negative impacts. We are The Social Purpose IT Company, committed to create a positive impact. To achieve that, we run our Direct Actions -- and these are not just projects, but departments operated by Hemmersbach colleagues and with our own resources, funded with at least 20% of our annual profits. This way we are always in the know, have full control and can react quickly without having to discuss with stakeholders.

I agree that my data from the contact form will only be collected and processed electronically to answer my inquiry. I am entitled to revoke this consent at any time for the future by e-mail to info@hemmersbach . Further information can be found in our data protection declaration.

Within each job offering you will find the right responsible person. Find the central contacts for our main regions below and get in touch. Let's meet personally - we are looking forward to getting to know you!
