

Norway India Chamber of Commerce and Industry

Norway India Chamber of Commerce and Industry, a network between companies, organizations and authorities in Norway and India. Since 2006 we have connected our members with knowledge, the right people and business-opportunities.

Join NICCI in India this November. It's an excellent opportunity to gain a better understanding of the possibilities. More importantly, we provide you with the chance to effectively build your network from the very beginning. NICCI's General Manager, Trond Skundberg, shares his thoughts on the visit to India from November 18-21.

Our strategic partner member Trilegal has written a comprehensive synopsis of the Union Budget proposals announced. The objective has been to offer a clear and accessible interpretation to Norwegian companies of the budget announcements.

Join us to understand the potential for Norwegian companies in India's unique global hub for finance and IT. Gujarat International Finance & Technology City is not just another smart city, it's a free trade zone designed to accelerate your business into the future of global finance and technology.

Join us in Oslo to kickstart Norway-India business collaboration 2.0! We welcome you to our full-day flagship business event. Learn from peers and professionals, establish valuable connections and maximize your business potential. Networking Zone, high level plenum session, breakout sessions. Garden reception.

Emirates is joining NICCI on the Strategic Partner Member level and hence will contribute considerably to the activities in our community. Emirates offers a daily service between Oslo and Dubai, connecting you to 9 different destinations in India, like Delhi and Mumbai.

Mohit Dalvi is an experienced entrepreneur with a focus on collaborating with industries and startups aiming to enter the Indian market. With a background as a mechanical engineer, Mohit has [...]

L& T, India's premier infrastructure developer and HydrogenPro will work towards setting up a joint venture in India for Gigawatt-scale manufacturing of Alkaline Water Electrolysers based on HydrogenPro technology, for the [...]

Digitalization has led to increased control by authorities and enhanced compliance requirements. Hence companies must focus more on administration of international transfers of employees to comply with the regulative requirements.

Join us for an insightful afternoon featuring a keynote presentation and panel discussions on India's outlook for 2025. The event will be followed by networking with snacks and refreshments.

Register for the NICCI business delegation to India 18.-21. November 2024. Our main business event and networking dinner is in Mumbai 20. November. Multiple focus tracks with visits to additional cities. **MORE INFO**

The Norway India business community is growing! We welcome you to engage in our network. Get access to knowledge, network, member meetings, events, delegations, advisory services and business opportunities.
