Panasonic solar panels harare

As we are the best solar systems company in Zimbabwe, we are here to take care of you every step from purchase to monitoring of your solar system. Our specialist solar system design engineers will guide you through the whole solar project.

Quality Solar is the leading Solar Systems Solutions Company based in Harare, Zimbabwe. We focus on providing the best and durable solar equipment that include Solar Panels, Inverters, Batteries, solar cables and solar geysers. We also do solar systems installations around Zimbabwe.

"We provide the best solar equipment from Solar Panels, Inverters, Batteries, Uninterrupted Power Supplies (UPS), Solar Geysers and other installation accessories."

We supply and fix you with complete home solar packages and backup solar packages for businesses and institutions like churches, schools and hospitals. If you have specific needs we are ready to design you a solar system that covers your exact needs.

We have up to 7 main solar home packages to power your home which cater for a variety of situations. This means we have a solution for the smallest system which only powers your home entertainment, lighting and WiFi to a large system which can power your borehole, desktop computer and washing machine.

The home economy package is the ideal solution for small households. We've carefully selected each component to create the perfect solution for minimal power needs, powering your lighting, home entertainment, phone charging, and Wi-Fi.

The Home Luxury Solar Package is designed to power your everyday essentials. This solar solution ensures you can effortlessly run lighting, Wi-Fi, refrigeration, and entertainment systems. Plus, it supports additional needs like a small borehole or pressure pump (up to 1 horsepower).

our complete Home Luxury Beta Solar package is an all-inclusive solution that powers your entire home--appliances from lighting, and refrigeration to entertainment--with cutting-edge solar technology. Enjoy seamless energy and reduced grid dependence

The Home Delux solar package is designed to offer you high-quality solar solutions that combine efficiency and reliability. It powers your essential home appliances which include home entertainment, deep freezer, upright fridge, borehole pump and booster pump, and other light home appliances

our advanced 8kva ultra solar package is designed to handle high power-consuming appliances such as swimming pool pumps, heavy-duty printers, multiple fridges, high-capacity water pumps, workstations, and

Panasonic solar panels harare

even lawnmowers. Enjoy reliable, efficient energy that meets all your power needs

The Premium Power Solar Package offers 10kVA of power, ideal for medium to large homes and small businesses. It powers essential and high-demand appliances, including air conditioning, multiple computers, and commercial refrigeration, providing a reliable and efficient energy solution.

The ProPower Solar Package offers 12kVA of reliable energy, perfect for large homes, small businesses, or institutions. It powers a range of appliances, including multiple air conditioning units, office setups, kitchen appliances, and security systems, providing efficient and dependable energy solutions.
