

Peg ghana solar ltd

Peg ghana solar ltd

We are working alongside governments and world-class international partners to help to achieve the United Nations' Sustainable Development Goals in the next decade, with clean energy, clean cooking, smartphones, and e-mobility access serving as a catalyst for enabling economic development of communities and making progress on a range of the global goals.

Since then Bboxx has grown to a strong global company of 4,000 employees, united by its purpose to transform lives and unlock potential by connecting consumers and deploying innovative products across Africa. To date, we have positively impacted more than the lives of 3.6 million people by connecting African customers with clean energy, clean cooking, smartphones, e-mobility and selected financial products - many for the first time.
