

Power inverter for car

Power inverter for car

Power inverters are one of the most useful tools you can have when away from a mains power supply. Run practically any household appliance through your car's battery power when you connect a power inverter to a cigarette lighter input. Watch TV in your caravan, boil a kettle from the porch of your tent or even catch up on a spot of urgent work should your laptop's battery fail when on the road.

Depending on your requirements and budget you can opt for either a 150, 300 or 500w inverter. the higher the number of watts the larger the appliance that can be connected to it. We stock a range of converters that are compatible with 12v sockets, and 240v AC sockets.

Be sure to check you know which connections you need before buying, and you can simply click & collect in-store the same day. Or, pop into your local Halfords store to talk to one of our in-house experts for more information. Inverters over £20 benefit from free next day delivery.

Depending on your requirements and budget you can opt for either a 150, 300 or 500w inverter. the higher the number of watts the larger the appliance that can be connected to it. We stock a range of converters that are compatible with 12v sockets, and 240v AC sockets.

The Ring Can Inverter fits into your car's drinks holder and adapts your cigarette lighter to accept three pin plugs. It converts 12V DC to 230AC, with 150w of power and is designed to run laptop computers, video game consoles and various other electronic devices. It also features a USB charging socket for MP3 players.

When shopping on our site you will have the option to click & collect into our stores from one hour* after placing your order. Once you have placed your order you will receive confirmation when the order is ready to be collected.

For products that are not available in your local store to collect from 1 hour you will be given the option to choose a collection day that suits you on the product page after entering your post code. This will then be confirmed when you have completed checkout.

Your expected delivery date will be communicated at checkout and on your confirmation email. Please provide a mobile number and/or email during the checkout process so we can notify you of your delivery status.

Late or missing payments may have serious consequences for you and cause you serious money problems. Your credit rating may be affected which will make it more difficult or more expensive for you to obtain credit in the future.
