

Relion lifepo4 battery 17 miles

Relion lifepo4 battery 17 miles

Longer runtime = more recreation time with the RELiON RB100. This 12V 100Ah deep cycle lithium iron phosphate (LiFePO₄) battery is the perfect replacement from a group 31 AGM, GEL or lead-acid Battery. Weighing in at only 30 lbs it's a lightweight alternative to lead-acid and one of our most popular lithium batteries.

The RB100 surpasses expectations by being versatile, compact and more powerful than its lead-acid counterparts. It's the perfect combination of size and capacity to fit many applications like trolling motors, solar energy storage or boating where you need lots of reliable power for a long time.

Whether you're powering your home or business, or mission-critical remote monitoring equipment, you want reliable power for your residential and commercial energy needs, both on and off the grid. RELiON Lithium Iron Phosphate (LiFePO₄) batteries offer safe, clean and high power energy solutions for all types of renewable energy systems.
