## Retail store energy storage tegucigalpa

We're passionate about serving our communities and providing our customers with the products and services they want, when they want them, at a competitive price. From fresh food to fuel to local produce &#8211; we want to be the go-to store for everyone in the community.

We want to be the preferred energy solutions partner for all commercial and industrial customers. We have a relentless focus on adding value to our customers' businesses by understanding and meeting their needs. Working closely with customers, from agriculture to mines, we tailor our energy solutions to their specific needs.

We are proud to serve the world's leading airlines and airports. Whether they need Jet-A1 or AVGAS, our customers know they can rely on us 24/7 to meet their needs &#8211; ensuring security of supply, high-quality fuel approved to international standards and fast turnaround times. We take care of everything - from importation, handling, storage, bridging and transportation, to into-plane operations at our own airport fuelling depots.

Whether you are running a business or are a consumer, you can save costs and enhance efficiency by using the right lubricants in the right way. At Puma Lubricants we can help. By working closely with businesses we adapt our world-leading technology to your needs to deliver measurable benefits. For motorists, we supply a wide range of high quality products across our retail network.

Our clean and low carbon energy offer includes solar and hybrid solutions, diesel to gas conversion, biofuel solutions, and carbon offsetting to support our customers on their energy transition journey.

Fuel up fast and safely with us. We accept all payment methods and offer innovative solutions to match your needs and budget. Choose from our full or self-service options, and rest assured that our highly trained staff will provide you with the quickest and best refueling service.

The Retail Brand License Agreement will give Honduran consumers access to Shell's premium fuel and lubricant portfolio, together with comprehensive offers in lower-emission fuels and convenience retail.

Stations in Tegucigalpa and San Pedro Sula will be the first in Honduras to adopt the Shell brand, with the target of completing a strong nationwide presence of 100 mobility sites over time.

Istv?n Kapit?ny, Global Executive Vice President of Shell Mobility said: &#8220;Every day, millions of drivers around the world visit Shell service stations for our premium V-Power fuels and great convenience retail offers. We are pleased to be working with our experienced local partner Puma Energy to deliver the same great products and experience to drivers in Honduras. This is part of our strategy to grow the Shell brand

in Latin America and around the world through brand licensing.&#8221;

Jose Antonio Alfaro, Puma Energy's Regional Retail Manager said: &#8220;We are excited to be partnering with Shell to expand our portfolio of brands in Honduras. The partnership will combine the strength of Shell's global brand with Puma Energy's deep-rooted market presence and experience in the country. Customers will benefit from more choice and a wider network of Shell and Puma Energy retail sites across Honduras."

Shell is the world&#8217;s largest mobility retailer by number of service stations and one of the largest single-branded retailers of any kind on the planet. It currently has a presence in over 80 markets with more than 46000 service stations serving more than 32 million customers every day. Shell has more than 100 years' experience in fuel development. In a growing number of markets, we are offering customers lower-emission products and services.
