

# Rugged 8000 watt power station

## Rugged 8000 watt power station

We offer scalable and versatile emergency backup power options including portable power stations you can carry from room to room or take on camping trips. This is a great solution for renters and folks who want to use backup power at home and away. Power electronic devices, charge phones, run your refrigerator, connect to the Wi-Fi, power lights and more--even when grid power goes down.

Interested in a more robust backup power solution? Our Haven 10 ecosystem provides convenient, reliable emergency power and the ability to back up as many as 10 essential circuits in your home with automatic power switching. This system must be professionally installed and is a great option for homeowners.

Goal Zero was born from a belief that lack of resources should never limit human potential. We are inspired by a passion for adventure, respect for the planet, and a humanitarian heart and we believe we are inextricably connected to the communities, environment, and society to which we belong.

The next generation of power is here! Introducing the all new Yeti PRO 4000 portable power station with dramatically more power and faster charging than previous generation models. Plus, its updated LiFePO4 battery tech means it can last for over 10 years--even with daily use. Use it for emergency home backup, take it on the road, or pair it with solar for renewable clean energy.

Together, the Yeti PRO 4000 and Tank PRO 4000 give you the Yeti PRO 8000, with 7,988 watt hours of power. When connected, the Yeti and Tank sync to act as one battery, providing long-lasting power that can run almost anything in your home.

This 6th generation 677 watt hour compact and rugged power station is designed for all your outdoor adventures. It's versatile enough to help out during a power outage at home and tough enough to handle mud, dirt, dust, water, and more when you head out. It also has upgraded LiFePO4 battery technology for a long lifespan, meaning you can use it every day for years to come. Take it along on your next camping trip, use it at the beach, power your tailgate parties, or stay powered during summer festivals!

This 6th generation 499 watt hour compact and rugged power station is designed for all your outdoor adventures. It's versatile enough to help out during a power outage at home and tough enough to handle mud, dirt, dust, water, and more when you head out. It also has upgraded LiFePO4 battery technology for a long lifespan, meaning you can use it every day for years to come. Take it along on your next camping trip, use it at the beach, power your tailgate parties, or stay powered during summer festivals!
