

Saudi arabia off-grid solar

Upon completion in 2027, the AMAALA destination is expected to be the world's second largest off-grid energy storage endeavor, delivering uninterrupted green power 24/7 with zero carbon emissions, advancing Saudi Arabia's journey towards carbon neutrality.

AMAALA represents a cornerstone of Saudi Arabia's strategic initiatives, with the entire destination set to operate solely on renewable energy. When fully operational, it will generate over 50,000 jobs and contribute more than 11 billion riyals to the Kingdom's GDP. Spanning 4,155 square kilometers along the Red Sea coast, AMAALA will feature 29 hotels, 3,900 rooms, 1,200 luxury villas, apartments, and estate homes, complemented by upscale retail, dining, and leisure facilities.

Upon completion in 2027, the AMAALA destination will stand as the world's second largest off-grid energy storage endeavor, delivering uninterrupted green power 24/7 with zero carbon emissions, advancing Saudi Arabia's journey towards carbon neutrality.

Upon completion in 2027, the AMAALA destination will stand as the world's second largest off-grid energy storage endeavor, delivering uninterrupted green power 24/7 with zero carbon emissions, advancing Saudi Arabia's journey towards carbon neutrality.

AMAALA represents a cornerstone of Saudi Arabia's strategic initiatives, with the entire destination set to operate solely on renewable energy. When fully operational, it will generate over 50,000 jobs and contribute more than 11 billion riyals to the Kingdom's GDP. Spanning 4,155 square kilometers along the Red Sea coast, AMAALA will feature 29 hotels, 3,900 rooms, 1,200 luxury villas, apartments, and estate homes, complemented by upscale retail, dining, and leisure facilities.

The China-headquartered firm has forged a strategic partnership with engineering, procurement and construction (EPC) firm Larsen & Toubro for the clean energy project. It will be on the Red Sea coast and will supply continuous renewable energy to local desalination and wastewater treatment plants at the AMAALA megatourism project, Sungrow said.
