

Schneider Electric Xantrex

Schneider Electric Xantrex

The Xantrex XW series hybrid inverter / charger offers an innovative, integrated design which minimizes external balance-of-system components. This allows for a much quicker and easier installation. The XW4024, XW4548 and XW6048 inverters are certified to UL-1741 and CSA 107.1 for grid-tie applications. The XW series can be used as a grid-tie inverter or an off-grid inverter. One or two XW MPPT charge controllers are required for PV grid-tie operation

Designed with consultation and input from industry experts, dealers, and installers, the XW sets a new standard for battery-based inverter/chargers. Integrating the best features available in the market, innovative new features by Xantrex and balance-of-systems components, the XW Hybrid Inverter/Charger's design makes installation quicker and easier. The XW offers high efficiency and unprecedented surge capacity to maximize the owner's return on investment. No other inverter / charger looks or performs like the XW.
