

Solar air conditioner dealers in ghana

Solar air conditioner dealers in ghana

Connect the iQool18 to your home WiFi network and use your smartphone or home assistant to adjust temperature, fan speed, and more from anywhere. Schedule from your smart device or use the 24-hour timer to program cooling or heating to suit your routine, and get rooms to temperature ready for your arrival. Smart scheduling saves you money.

The iQool Plus is an ultra-quiet, low-energy smart Air Conditioner range with advanced features, for personalised and energy-efficient heating and cooling in rooms up to 26sqm in homes and offices.

Connect the iQool9Plus to your home WiFi and use your smartphone or home assistant to adjust temperature, fan speed, and more from anywhere. Schedule from your smart device or use the 24-hour timer to program cooling or heating to suit your routine, and get rooms to temperature ready for your arrival. Smart scheduling saves you money.

The air conditioner is ready to work straight out of the box and doesn't require any permanent installation, so you can have it up and going in no time at all. It stands on a set of castor wheels and features integrated side handles, meaning you'll be able to move it from room to room with ease. The digital control panel and LCD display make for a quick and easy selection of the functions, fan speeds and temperature settings.
