French energy giant Total Energies confirmed its willingness to start implementing Libya's planned 500 MW solar energy project, the General Electricity Company of Libya (GECOL) reported today.

Total was also reported to have said that it looks forward to expanding the horizons of joint cooperation with GECOL by establishing other projects according to a set plan with a specific period of time.

The Libya Herald first appeared on 17 February 2012 - the first anniversary of the Libyan Revolution. Since then, it has become a favourite go-to source on news about Libya, for many in Libya and around the world, regularly attracting millions of hits.
