Solar energy companies yemen

Elevating our company to become the most trusted and leading in Yemen accordance with high technical in the field of solar energy standards through our human resources and excellence in engineering services, integrity, and community and environmental care

To provide companies and individuals with low-cost solar energy systems that are distinguished by their efficiency, sustainability, environmental protection, high level of quality, safety, performance, and customer satisfaction.

Trina Solar International has extended its contract with TrenSolar as an authorized distributor in the Republic of Yemen until the end of 2023. We aim to be a reliable source for the best global products, ensuring security and providing top-quality offerings.

The efficiency varies for each type of solar panel, but TrenSolar is considered a leading company with efficiencies reaching higher than 23%, surpassing other competitors in the market.

Because wind energy requires specific environmental conditions, and wind speeds vary in our country due to geographical diversity and varying terrains. However, solar energy is consistent regardless of terrain or geographical diversity. Additionally, wind turbine infrastructure requires large, spacious areas that are far from populated areas. They also require regular maintenance at certain intervals.

Al-Raabi Company is considered a giant company in the field of solar energy. It was a pleasure to deal with this wonderful and excellent company. I thank them for their good treatment, the quality of their products, and their punctuality. I will not forget their continuous support before and after sales, which increases customer confidence in this giant company... I wish them more success. And progress

The highest efficiency in the world currently. Trina used advanced Topcon cells made on negative polar silicon wafers, i.e. silicon doped with phosphorus, to reach cell efficiency levels higher than 25.5% and panel efficiency to 24.24%, which is currently the highest in the world.

Thank you, Al-Raabi Trading Company. In light of the current conditions, we need something like this that fills our hearts with love and joy. Our holidays have become sweeter now with the presence of a company of your rare raw materials.

Tajadd Solar Company was established in the year 2014, since its establishment, it has been keen to meet all the needs of solar energy in the Republic of Yemen. Consumer trust. We at Tajadid Solar provide design, studies and installation services for solar systems of all sizes and uses, as well as provide quality assurance, maintenance and after-sales services for all its products, and this helped Tajad Solar to become the best

Solar energy companies yemen

company in the field of solar energy in the Republic of Yemen.

Power City is a subsidiary of Al-Hajaji Trading Group of Companies. It was founded in 2010 to meet the growing market needs for energy, and has developed over a few years to become a giant company in implementation of infrastructure projects powered by solar and electrical energy in the Republic of Yemen.

We are involved in supplying products, implementing, installing and operating solar and electrical energy systems projects for all industrial, commercial and domestic sectors, as well as solar energy-based water pumping units according to the highest standards of quality, safety and security.
