

Solar energy for homes bratislava

Solar energy for homes bratislava

More than 30 projects from our portfolio are dispersed all around Slovakia, from Veľký Kýš to Kráľovský Chlmec. Our more than 10 years of experience in this energy segment is a guarantee of quality and success.

6 132 thin-film photovoltaic panels QS Solar and 656 thin-film photovoltaic panels Mitsubishi are installed in the solar park with a total installed capacity of 0,600 MWp. The park stretches on an area of 33 148 m². Predicted annual production of electricity is 732 000 kWh. Produced electricity covers the annual consumption of 170 households switching over to solar electricity production, 512 tons of CO₂ emissions are saved annually. Solar park was launched in 2011. Project in ownership of WEON Group.
