

Solar inverter meter

Solar inverter meter

The SolarEdge Three Phase Revenue Grade Meter provides revenue grade ANSI C12.20 accuracy ($\pm 0.5\%$ of rated CT current) readings for commercial production monitoring and feed-in limitation. The meter is compatible with 150A, 300A and 600A current trans

Save valuable time and labor costs with our high-accuracy Slim Current Transformer (CT) that easily fits into the home's Main Service Panel and eliminates the need to build a subpanel.

Current transformers (CT's) provide a simple, inexpensive, and accurate means of measuring current flow in SolarEdge Revenue Grade Meters. When ordering a Revenue Grade Meter, order a compatible current transformer as well.

Huawei Smart Power Sensor keeps a sharp eye on every watt, enabling the inverter to regulate the PV power supply on demand. When your home is equipped with an energy storage system, the Smart Power Sensor optimizes the charging and discharging to have both your electricity bills and green energy earnings under control, enhancing power efficiency.

Whether feeding a family or supplying a business, the Smart Power Sensor can breeze through solar power tracking with ultra-low energy consumption. Check out the power production and utilization anytime without a hitch.
