

Solar irrigation in ghana

Solar irrigation in ghana

Welcome to Easy Garden Irrigation, the UK's friendly garden irrigation experts. We offer an extensive range of irrigation supplies and automatic garden watering systems to customers throughout the UK and Europe. In stock we have a huge choice of drip irrigation, pop up sprinkler systems, garden hoses & hose reels, lawn sprinklers and much more.

We have a great team of specialists on hand to help in any way you need. We can help you with planning your garden watering systems, offer recommendations for specific watering requirements, and can provide more technical detail for any of the products listed on our website, so please get in touch with one of our friendly staff to discuss your needs.

Not only do we sell the worlds best irrigation brands at amazing prices, but we also have our own carefully crafted kits, chosen by our experts to bring you the very best in garden irrigation. Everything can be bought online through our safe and secure checkout, and you can create an account for extra perks and easy ordering. We deliver fast straight to your door anywhere in the UK, and throughout many locations in Europe.

Install an automatic garden watering system to take care of watering the garden whilst away on holiday, or as an everyday system to free up your time. Installation is quick and simple and will take the strain out of caring for your plants.

Pop-up sprinklers are easy to install and take the hassle out of keeping your lawn lush and healthy all year round. Pop-up sprinklers are installed underground, and rise out of the ground when activated, and retract back down when not in use.

The installation of a garden watering system is as easy as ABC. Our experts have written simple to follow guides and tutorials to help you plan and install a garden watering system of your own. You can also get in touch directly with one of our experts to get advice.

If you're like us and are tired of garden gadgets that constantly need new batteries or endless setup, Claber's myAquaSolar is a refreshing change. This timer runs entirely on solar power, so you can skip the hassle of wiring and...

November is a transitional month in the garden, where the brilliance of autumn gives way to the quieter beauty of winter. While the days grow shorter and colder, there's still plenty to do to prepare your garden for the months...

At Easy Garden Irrigation, we know our customers are always looking for better ways to care for their gardens. Gardena's latest product lineup offers just that, with smart, simple, and sustainable tools that take the
