

Solar pump ghana

Solar pump ghana

Cut your electricity bills and make your home more energy independent. Explore our solar installation packages, including 10 solar panels for ₵5,700, or ₵10,500 with a battery.

Upgrade to a heat pump. Get a bespoke heat pump system designed around your home and save ₵7,500 with the Boiler Upgrade Scheme. Period properties, retrofits and self-builds all covered.

Switch to us and have all the power you use matched back to 100% renewable electricity from our community of over 2,500 independent generators. Including smart EV tariffs, for lower cost charging.

Good Energy's latest rating from Citizen's Advice is 2.9 out of 5 stars. This rating is worked out across three different categories, including contact waiting times(3*), complaints (2*) and customer commitments (3*).

No supplier ranked by Citizen's Advice had an average rating higher than 3.65. You can read more about our rating on the Citizen's Advice website, including how scores are calculated.

For the past 16 years, we have worked around the clock to ensure adequate water supply and water access for domestic and commercial uses. We intend to keep pushing as a growing company by engaging in strategic partnership and adoption of technology.

Pumptech was started with a vision of providing effective water supply to homes, communities and townships. We are on track but we believe there is more to be done. Adopting clean energy is the future of energy for water supply access and we are bent on growing mastery in these.

Pumptech Limited, continues to lead the way for customers desiring information, education and a reputable place to acquire products in the renewable energy market especially on Solar Water Pump Systems in Ghana. We are the distributor of LORENTZ Solar water pumping systems in Ghana.

Whether pumping water for a remote village in Northern Ghana or powering an off-grid home with the sun in Afram Plains, PTL maintains staff that is solely committed to designing a system to meet the most demanding requirements. We not only supply solar solutions but train communities on operations and maintenance procedures to ensure sustainability of our projects. We also provide after-sales-service to our clients.

Our water pumping solutions provide the utmost in dependability, reliability and customer satisfaction. Pumptech Limited has developed a reputation for DC/AC Water Pump system supply and installation across the country. We specializes in meeting complex customer requirements.

For years, our primary focus has been on building in-house capacity. Our team of highly skilled
