The vision of Al-Dawoon Holding Company is embodied as a comprehensive and multifaceted group deeply rooted in the values of contributing to the reconstruction and development of Libya across various industries. Our subsidiary companies are characterized by their diversity, with each focusing on a specific sector. Nevertheless, they all operate in alignment with the main overarching goal of enhancing the quality of life.

Through directing our diverse investments and expertise, we strive to enhance the capabilities of our companies and the national infrastructure, provide employment opportunities and skill development, promote innovation and technology, and foster environmental sustainability across all sectors in which we operate.

Since its beginnings, Whiba Holding has been committed to deliver the highest quality, nutritious food products across Libya and MENA. We have worked with key industry experts to upgrade our factories and food safety and quality management systems resulting in being awarded the ISO 9001, ISO 22000 certificates in addition to the Libyan Quality Mark certificate for food safety and hygiene.

Distributed across diverse geographic locations of Libya, the mills, silos, warehouses, and food industrial complexes and factories owned by Whiba Holding and its associated Group entities are located in Tripoli, Benghazi, Misurata, Dafniya, Sabha, Zliten, and Tajoura, covering, in this sense, the geographical vastness of

the country.

Whiba Holding takes full pride in its Dafniya Complex for Food Industries, which stands as an asset for national food safety. The complex includes many food manufacturing companies that produce rice, wheat, corn and sunflower oil, and canned tomato paste. Factories equipped with new technologies produce other foodstuffs too including top-quality pasta, couscous, semolina, flour, spices, tuna, and others.

Al Imtiyaz Group Food Complex offers a wide variety of products adhering to international safety standards. The complex manufactures wheat and its derivatives, rice of top quality, and vegetable oil on a daily basis. Beside its production lines, Al Imtiyaz Group Food Complex contains well-equipped storage areas and warehouses.

Beside the production of flour and rice, United Group for Mills and Feeds Complex manages fruits, vegetables, and frozen meat cooling in its state-of-the-art factories. Feeds of the finest quality are also produced in the complex to guarantee proper nutrition and good health in livestock.
