Mongolia, the birthplace of Genghis Khan, is a large, rather sparsely populated country located between China and Russia. It possesses large deposits of mineral resources. As of 2023, Mongolia had a population of 3.51 million people and a GDP of US\$16.91 billion. The number of large companies in Mongolia is an indicator of its overall economic performance. Not only do these organizations provide jobs for the local market, but they are also able to achieve success in global markets, thus generating greater value.

We support businesses from many industries, such as food and beverages, wholesale and retail distribution and construction and engineering. We don't just work in the capital city.

Whether it's a new website, a quality management system, a marketing strategy or even a completely new governance structure, we work with you to define the best project to fit your needs. Then, we'll support you

through the whole process, using our years of experience to make sure the project achieves the best results. One year after every project, we return to measure the impact we made. And the results speak for themselves.

The finalists for the TOP 5 were evaluated and selected based on the number of their employees, assets, profits, total income, and taxes paid to the state. They were selected by a working group comprised of representatives from Mongolia's Ministry of Finance, the General Department of Taxation, Customs General Administration, Social Insurance General Office, General Agency for Intellectual Property and State Registration, and the National Statistics Office.

The Government of Mongolia and the Mongolian National Chamber of Commerce and Industry have collaboratively identified the TOP 100 Enterprises of 2022. Notably, this year's selection process excluded state-owned enterprises.

In the same year, the combined tax revenue of all Mongolian enterprises amounted to MNT 15.6 trillion, with MNT 4.3 trillion or 28 percent of this generated by the TOP-100 enterprises. It is reported that 6.2 percent of Mongolia's total workforce, equivalent to 71.2 thousand people, are employed by these TOP enterprises.
