What is an inverter

Streetwize 3000W (6000W Peak) Modified Sine Wave Inverter For drivers, caravaners, campers and tradespeople who need access to a power supply when they are in a remote area, on site or where there is restricted access to a power supply. This 3000W (6000W peak) modified sine wave inverter safely converts the vehicle's 12V DC battery to a 230V AC power supply. Suitable for powering UK standard appliances of that requires up to 3000W. This includes laptops, mobile phones, LCD TVs, DVD players, cordless power tool chargers and more.

The inverter comes in an anodized aluminium case with a built-in cooling fan to protect against overheating. Compatible with most 12V cars, 4x4s, lorries and motorcycles. And it is also suitable for most caravans, motorhomes and boats. The inverter is powered through the vehicle's battery, and the product is supplied with battery connector cables to connect the inverter to the 12V battery. The inverter works with the vehicle's battery when the engine is turned either on or off (accessory mode).

(*Free delivery and Express delivery services are not available for orders to International countries; out of area postcodes in the UK and a products that require a specialist delivery. A surcharge of £5.95 may be applied for deliveries to out of area postcode deliveries. For full details about out of area postcodes, please see the 'out of area charges and delivery times' section below).

Deliveries involving specialist or dangerous goods that necessitate additional precautions, such as marking transport units, declaring information to authorities and shipping companies, and handling documentation, may incur extra fees. A surcharge of £1 may apply to these items, with a specific charge of £4.95 for batteries.

PLEASE NOTE: Orders placed after 4pm, will be processed the following day, adding 1 working day to the delivery service. When selecting 'Next Working Day' - Orders placed after 4pm on a Thursday or anytime on Friday, will be delivered on the next working day which is the following Monday. For orders placed on a non-working day (Saturday or Sunday) please add 1 working day to your delivery date

For non-european countries, please select your parts and check out normally selecting your country; we'll then weigh your parcel and email you with the additional delivery charge. We can then proceed with your order once you have confirmed the additional charges.

At Euro Car Parts we hope that you are happy with your purchase, however we know that sometimes you will need to return or cancel an item. You can return your purchase to any of our Euro Car Parts Stores.
