We offer scalable and versatile emergency backup power options including portable power stations you can carry from room to room or take on camping trips. This is a great solution for renters and folks who want to use backup power at home and away. Power electronic devices, charge phones, run your refrigerator, connect to the Wi-Fi, power lights and more--even when grid power goes down.

Interested in a more robust backup power solution? Our Haven 10 ecosystem provides convenient, reliable emergency power and the ability to back up as many as 10 essential circuits in your home with automatic power switching. This system must be professionally installed and is a great option for homeowners.

Goal Zero was born from a belief that lack of resources should never limit human potential. We are inspired by a passion for adventure, respect for the planet, and a humanitarian heart and we believe we are inextricably connected to the communities, environment, and society to which we belong.

Pair the Yeti 3000X with the Boulder 200 Briefcase for unlimited solar power. Equip your cabin, yurt, or workshop with a kit built to run everything from fridges and air conditioners to electric bikes and wood-fired grills.

Recharge the Yeti 500X with the Boulder 50 Solar Panel while off-grid or plug into a wall outlet when at home. Power laptops, cameras, drones, and more while on the road or stay prepared in case of an emergency outage.

Combines the Yeti 200X, our most lightweight power station that delivers 187 Watt Hours of power, with a 20-Watt foldable solar panel. Fast-charging, ultra-portable design with the perfect amount of power for essentials.

The ultra-versatile Yeti 1000X paired with the foldable Nomad 100 Panel. Packable and lightweight, it's the perfect grab-and-go for road trips, or stash at home for emergency preparedness.

Combines the Yeti 200X, our most lightweight power station that delivers 187 Watt Hours of power, with a 50-Watt mountable solar panel. Fast-charging and powerful for all your essentials.

Our most versatile power station combined with the sturdy Boulder 200 Briefcase. A dependable solar power solution for larger devices such as fridges or TVs for tailgating, camping, overlanding, and more.

Keep all your small to medium devices and appliances charged with this compact, versatile kit. Unfold the panels for easy solar collection while stationary, then quickly pack away in tight spaces in your vehicle while

traveling.

A high-capacity power kit that allows flexibility to adapt your power to any situation. The Yeti 1500X, four Boulder 100 Briefcase Solar Panels, and Extension Cables will keep you powered at home when the grid goes down.

Solar generators use a Yeti Power Station and a solar panel to provide essential backup power. It's that simple. Two products that, combined, make up a solar generator. Our solar generators are portable, and they provide clean energy to recharge our devices or power our homes, RVs, vehicles, boats, and, on occasion, crock pots at that apres-ski tailgate.
